

Sat. Morning 7:45 A.M.

Dear Jimmy,

This morning I stayed in bed until about 4:30 so I guess I will eventually get back on schedule. Daddy got up then also and we had breakfast and I have been getting a lot of things done like washing clothes etc.

Mary and Mike came over last night. Mary loved your letter and we think the pictures are just wonderful. Would you send me the negatives so I would like to get more copies. I want to have some copies made for Mikes folks also. One picture I want to have enlarged and give to Mary for Christmas.

It is raining hard out and I like it. Yesterday we drove up to the cabin because the weather was so beautiful.

Aunt Stella had a terrible time in Reno. She couldn't win a single thing but Ora Dell Allan, the friend she was with, won on everything she touched.

When the stores open this morning we are going down and buy a new camera. I think I will get one like I had, only a better one. Yours takes such beautiful pictures but it is quite complicated for a person who is always in so much of a hurry like me.

We certainly hope your program turns out the way it should. After all the time you have spent on it it just seems terrible that you should have to worry about being able to complete it.

I hope we can get down to see you before Thanksgiving. Daddy is anxious to see what is going on at the office and he thinks he will have to go back to Las Vegas, but after he finds out his schedule than we can make some plans.

Student teaching sounds interesting. It really must seem odd to watch the kids trying to work their problems. Aren't you glad you are through with that part?

Don't worry about anything and I'll see you soon.
